A truly wonderful meal, that if you are in the area (15 minutes from Wichita Airport) it is well worth the stop. A friend and I made our annual stop and was not disappointed. Upon entering you will immediately notice how dimly lit the place is; we proceeded to sit in the lounge (a few large flat screens) at a rather large and comfortable booth. The waitress' who are young and perky, and dressed in black provide outstanding service. Their have a full bar with a lengthy wine list. The menu covers it all; Appetizers, Soups, Salads, Beef, Seafood, Veal, Chicken, Lamb, Pork, (No Pasta), Desserts and then you can enjoy a cigar to cap the night off.

French Onion Soup - a tasty crock with cheese oozing over the sides

House Salad - fresh, crisp and the fresh blue cheese dressing was a cut above

Bread - mini loaves that were warm and fresh (and replaced quickly)

Prime Rib – Laurie Cut (medium) - a very large portion that was cooked perfectly and was one the most tender and tasty that I have had.

Cottage Fries - a wise choice large and crispy

Cheese Cake – averaged sized – but very rich and tasty
